INSTITUTE of
Museum and Library
SERVICES

APPLICATIONS DUE FEBRUARY 11, 2011

Libraries are encouraged to partner with other libraries and cultural institutions to digitize and preserve all aspects of Indiana history.

The maximum amount of funding is \$20,000 per application.

A local cash match equal to 10% of the requested amount of LSTA funds is required.

\$200,000 of LSTA funds will be available for these grants.

Additional questions, included in the appendix, are required of all applicants.

The suggested 2011 theme is *Indiana and the Civil War: The Soldier's Experience*.

Program Overview

The Indiana State Library will offer LSTA sub-grants to libraries in Indiana for the purpose of digitizing Indiana's historical records. The primary goal is to develop content for *Indiana Memory*, a digital library for Indiana residents (www.IndianaMemory.in.gov). Libraries should use these funds to digitize artifacts important to Indiana history and relevant to researchers today. Libraries should also be looking to establish partnerships with cultural institutions that house unique and important collections of Indiana history. The lead project director in these partnerships must be a library, and the library will be responsible for managing the project and acting as fiscal agent and grant administrator.

Desired Outcomes

Projects awarded grant funding must evidence the ability to produce at least one of the following outcomes.

- ☐ Expanded access to unique cultural heritage artifacts of Indiana
- ☐ Increased knowledge about Indiana history among Indiana residents, researchers, and students
- ☐ Increased awareness of *Indiana Memory* among educators, researchers, and students

Projects evidencing the ability to produce at least one of the following desired outcomes are given preference.

- ☐ Digitization of a unique and important collection housed outside a library
- ☐ Digitization of collections which meet specifically identified needs of researchers and/or students
- ☐ Development of a partnership between libraries and outside cultural institutions

Note: These desired outcomes are derived from the six overarching goals of the IMLS (see <http://www.imls.gov/programs/programs.shtm>) and the goals and needs identified in the Indiana LSTA Five-Year Plan (see <http://www.in.gov/library/files/LSTAPlan2008-2012.pdf>). Before applying for an LSTA Digitization Grant, please be sure you understand the overarching LSTA goals and have developed a project that addresses these.

Eligible Applicants

All academic, public, and school media libraries are eligible to apply. In addition, cultural institutions and special libraries may partner with any of the libraries listed above to digitize their unique historical documents. Academic, public, and school media libraries are encouraged to partner with these cultural institutions and special libraries in an effort to digitize all aspects of Indiana history. All libraries must meet federal and state regulations to be eligible. Public libraries must meet public library standards and both public and school media libraries must meet CIPA requirements to be eligible for grant funds.

Grant Guidelines

- Grant funds must be spent between the project start date¹ and April 30, 2012.
- Applicants must demonstrate how their digitization project supports at least one of the desired outcomes, meets at least one purpose of LSTA as defined by the IMLS, and meets at least one of the goals of Indiana's five-year plan³.
- Applicants must demonstrate that they meet all eligibility requirements and if applicable, provide evidence they meet any preferred eligibility requirements.
- All digital files and the associated metadata records created as a result of digitization projects **must** be submitted to *Indiana Memory* and made available online.
- Applicants must adhere to State Library standards for collection development (http://www.in.gov/library/files/dig_colldev07.pdf), image scanning (http://www.in.gov/library/files/dig_imgst.pdf), and metadata (http://www.in.gov/library/files/dig_metast.pdf).
- Grant recipients **must** submit all reports and meet all expectations in time as outlined in the *Managing Your LSTA Grant 2011* manual, available online at <http://www.in.gov/library/lsta.htm>.

¹ The start date is dependent upon official finalization of the contract.

² <http://www.imls.gov/programs/programs.shtml>

³ <http://www.in.gov/library/files/LSTAPlan2008-2012.pdf>

2011 Theme

Digitization projects are not required to adhere to the suggested theme.

In recognition of the sesquicentennial of the Civil War, 2011-2015, the theme for the 2011 LSTA Indiana Memory Digitization sub-grant program is *Indiana and the Civil War: The Soldier's Experience*. We are looking for projects that document the experiences of Indiana soldiers. Types of materials may include but are not limited to contemporary publications, letters, diaries, images, and artifacts.

When selecting collections for digitization, please consider the following factors.

- Legal right to create and disseminate digital reproductions
- Physical condition of the material

- Uniqueness of the material
- Completeness of the material
- Adequate descriptive information about the material

Budget & Funding

Applicants may apply for up to \$20,000.

Applicants must show that they will provide a cash match equal to at least 10% of the awarded amount of LSTA funds.

Applicants may use this support to outsource digitization and encoding to other institutions with appropriate digitization experience and infrastructure.

Applicants may not purchase digital collection management software. The State Library will provide access to the statewide CONTENTdm license to all libraries at no cost.

Individual equipment pieces costing \$5,000 or more are subject to pre-approval from the IMLS.

Applicants must adhere to federal guidelines for allowable and non-allowable expenses. See the Cost Principles on the LSTA website: <http://www.in.gov/library/lsta.htm>.

Examples of Allowable Costs

Technology hardware and software
Training for staff and volunteers
Contracting outside agencies
New project staff

Examples of Non-Allowable Costs

Ongoing operating costs
Wages and benefits for existing employees
Entertainment costs (NO FOOD or BEVERAGES)

2011 DIGITIZATION SUB-GRANT TIMELINE

DECEMBER 10, 2010	Application form and guidelines made available
JANUARY 14, 2011	Project Proposal form submitted to grant consultant (<i>optional for new grantees</i>)
FEBRUARY 11, 2011	Applications due at the Indiana State Library no later than 4 p.m. ET
MARCH 2011	Applicants informed of application status (<i>funded; not funded</i>)
APRIL 2011	Projects may begin after contract is finalized
JULY 29, 2011	First Quarter Progress Report due
OCTOBER 31, 2011	Second Quarter Progress Report due
JANUARY 31, 2012	Third Quarter Progress Report due
APRIL 30, 2012	Project Ends – last day grant funds can be spent. Evaluation Plan due.
MAY 31, 2012	Final postmark date for reimbursement claims
JUNE 29, 2012	Narrative Final Report & Financial Final Report due
SEPTEMBER 30, 2012	End of grant period

Project Proposal Form (OPTIONAL)

Libraries are strongly encouraged, though not required, to submit a project proposal form before completing a digitization grant application. Forms are available on our LSTA webpage: <http://www.in.gov/library/lsta.htm>. This form will be used to identify potential digitization projects and to assist staff in providing assistance with project planning. You are under no obligation to submit an application when you submit this form. Forms may be submitted by e-mail (crendfeld@library.in.gov) or faxed to (317) 232-0002. Please submit this form by January 14, 2011.

Application Process

APPLICATIONS DUE BY 4:00 P.M. ET, FEBRUARY 11, 2011.

Application materials are available on [our LSTA webpage](#). Please follow the general application instructions and refer to the line-by-line instructions also available on the webpage. **Additional questions required of digitization grant applicants are found in Appendix A of this document.**

Application Submission

The grant application consists of an application form, budget worksheet, and supplemental questions. A copy of these documents must be submitted by **BOTH** mail **and** e-mail to be considered. Incomplete applications will not be reviewed.

Step One

Mail or hand deliver one signed original of your completed application materials to *LSTA Digitization Grant Application*, Library Development Office (Rm. 413), Indiana State Library, 315 West Ohio Street, Indianapolis, IN 46202.

Step Two

E-mail one copy of your completed application materials to jclifton@library.in.gov. You may attach the original Word and Excel files. Scans or PDFs of your originals are not required. If you have trouble meeting this requirement, notify the LSTA Grant Consultant at (317) 234-6550.

You may request an advance review of your application by Digital Initiatives Librarian Connie Rendfeld (crendfeld@library.in.gov). The librarian will make recommendations for improvement but does not approve applications. Applications should be sent in advance of the application deadline to be reviewed at the consultant's discretion as time allows.

Application Review

Grant applications are reviewed by a panel of Indiana historians and State Library staff. Applications are scored in relation to the answers provided in each section, including the additional digitization questions, and the overall quality of the proposal. 150 total points are possible. Projects evidencing the ability to produce at least one preferred desired outcome as listed above and/or adhere to the stated theme, are eligible to receive at most an additional 15

points. The highest scoring projects are recommended for awards. Should libraries have equal points, preference goes to libraries who have not previously received digitization grants.

Applicants are informed of the status of their grant in March. Reviewers may decide to fully fund, partially fund, or not fund any application received. Those who are either not funded or not fully funded can file an appeal with the Indiana Library and Historical Board within 30 days of receiving notice of the reviewers' decision.

*Please contact Connie Rendfeld at (317) 232-3694 or crendfeld@library.in.gov
or Jennifer Clifton at (317) 234-6550 or jclifton@library.in.gov with any questions.*

Appendix A: Additional Digitization Questions

Part 1: General Description

Describe the materials to be digitized.

1. How many objects, images, books, pages, etc. will be digitized by completion of grant?
2. Discuss any copyright issues related to this collection.

Part 2: Historical Significance

1. How and why does the material contribute to the knowledge and understanding of Indiana history locally, regionally, nationally, or worldwide?
2. Is the material one of a kind or does it supplement existing material already available online?
3. Does the style or physical “artifact” nature of the material provide unique information in and of itself?

Part 3: Technical Plan

1. What hardware or software will be used? *Please note: The State Library will provide access to the CONTENTdm statewide license at no cost. If you plan to use the ISL statewide CONTENTdm license, contact the Indiana State Library before submitting your application.*
2. Please indicate which of the following three options your institution will utilize:
 - a. We will use the State Library’s CONTENTdm license, and we have the minimum technology requirements to use the software.
 - b. We will use our own CONTENTdm license.
 - c. We will use a different digital content management software.
3. If you selected C in question 2, please provide an explanation for why you are using a different content management software and answer the additional questions below.
 - a. How will the images be searched (*what software will be used*)?
 - b. How will the search results be displayed and/or sorted?
 - c. How will images be linked and displayed?
 - d. How will you provide metadata and images for *Indiana Memory*?
4. Detail your backup and storage strategy.
5. Detail your migration strategy for long-term preservation of digital resources.
6. Describe any difficulties that might arise in scanning the materials (*oversized, bound, fragile, etc.*).
7. Will the digitization be done in house or sub contracted?
8. If you will sub contract, how will the contractor be selected?
9. If the digitization will be done in house, please document your current technical

infrastructure for supporting digital projects (*networks, staff expertise, etc.*).

Part 4: Metadata Plan

Describe your plan for creating metadata for the proposed project. *Please note: All LSTA-funded projects must conform to the State Library's metadata standards.*

Part 5: Management Plan

1. Describe your staff training and experience with digitization projects. Specifically detail current staff expertise and/or what training will be available in the following areas:
 - a. Project management
 - b. Metadata creation
 - c. Scanning software and equipment
 - d. Website development
2. If your project is a partnership, please also address these final questions.
 - a. What is your relationship to the partner organization?
 - b. What is the project vision, and is it shared?
 - c. How will decisions be made between partner organizations?
 - d. Is the partner organization aware that materials will be made available on the internet?
 - e. Is there interoperability for the inclusion of various metadata?
